

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY
FEDERAL ENERGY REGULATORY COMMISSION

San Jose Water Company

Project No. 14357-000

NOTICE OF APPLICATION ACCEPTED FOR FILING
AND SOLICITING COMMENTS, MOTIONS TO INTERVENE, PROTESTS,
RECOMMENDATIONS, AND TERMS AND CONDITIONS

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. Type of Application: Conduit Exemption
- b. Project No.: 14357-000
- c. Date filed: January 27, 2012
- d. Applicant: San Jose Water Company
- e. Name of Project: Hostetter Turnout Pressure Reducing Valve Modernization Project – Hydroelectric Power Generation Facility (Hostetter Modernization Project)
- f. Location: The proposed Hostetter Modernization Project would be located on the City of San Jose's municipal raw water line in the Town of San Jose, County of Santa Clara, California.
- g. Filed Pursuant to: Federal Power Act 16 USC 791a - 825r
- h. Applicant Contact: Thomas J. Victorine, Director of Operations, San Jose Water Company, 1221-A South Bascom Avenue, San Jose, CA 95128; Telephone: (408) 279-7814, Fax: (408) 292-5812; tom_victorine@sjwater.com.
- i. FERC Contact: Linda C. Jemison, (202) 502-6363, linda.jemison@ferc.gov
- j. Status of Environmental Analysis: This application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.
- k. Deadline for filing responsive documents: Due to the small size of the proposed

project, as well as the resource agency consultation letters filed with the application, the 60-day timeframe specified in 18 CFR 4.34(b) for filing all comments, motions to intervene, protests, recommendations, terms and conditions, and prescriptions is shortened to 30 days from the issuance date of this notice. All reply comments filed in response to comments submitted by any resource agency, Indian tribe, or person, must be filed with the Commission within 45 days from the issuance date of this notice.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under <http://www.ferc.gov/docs-filing/efiling.asp>. The Commission strongly encourages electronic filings.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, it must also serve a copy of the document on that resource agency.

1. Description of Project: The Hostetter Modernization Project would consist of: (1) a proposed powerhouse containing two micro-hydroelectric turbine/generator units utilizing existing water supply pipelines with an installed capacity of 150 kilowatts; and (2) appurtenant facilities. The entire project would be below grade within the existing Hostetter Turnout Facility. The applicant estimates that when completed, the proposed project would allow the excess head in the water supply pipelines to produce electricity, energy that would otherwise be lost, and would have an average annual generation of 240 megawatt-hours.

m. This filing is available for review and reproduction at the Commission in the Public Reference Room, Room 2A, 888 First Street, N.E., Washington, DC 20426. The filing may also be viewed on the web at <http://www.ferc.gov/docs-filing/elibrary.asp> using the "eLibrary" link. Enter the docket number, P-14357, in the docket number field to access the document. For assistance, call toll-free 1-866-208-3676 or e-mail FERCOnlineSupport@ferc.gov. For TTY, call (202) 502-8659. A copy is also available for review and reproduction at the address in item h above.

n. Development Application -- Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the

specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

o. Notice of Intent -- A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit a competing development application. A notice of intent must be served on the applicant(s) named in this public notice.

p. Protests or Motions to Intervene -- Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

q. All filings must (1) bear in all capital letters the title "PROTEST", "MOTION TO INTERVENE", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "COMMENTS", "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and seven copies to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

r. Waiver of Pre-filing Consultation: On July 27, 2011, the applicant requested the agencies' support to waive the Commission's consultation requirements under 18 CFR 4.38(c). On October 24, 2011, the California Department of Fish and Game concurred, in writing, with this request. No other comments were received. Therefore, we intend to accept the consultation that has occurred on this project during the pre-filing period and

we intend to waive pre-filing consultation under section 4.38(c), which requires, among other things, conducting studies requested by resource agencies, and distributing and consulting on a draft exemption application.

Dated: April 3, 2012

Kimberly D. Bose,
Secretary.
